

Trustees ask government to support kindergarten

A Resolution sponsored by St. Albert, Edson and Grande Prairie calling for government support of kindergartens, under the School Foundation Program Fund, was approved by the Alberta School Trustees' Association in Calgary last week.

Robert Russell, St. Albert Trustee, moved the Resolution and was the key speaker in support of provincial-wide kindergartens.

Canada who do not give financial support to kindergartens under the foundation program and all early childhood education under the Department of Education."

Mr. Russell said that "It's time we brought the financial support of kindergartens under the foundation program and all early childhood education under the Department of Education."

"If we really believe in equal educational opportunity then we must make kindergartens available for all children, not just for those who can afford it," said Mr. Russell.

Lion Governor Honored

Lisa Arthur Stapleton, Governor of District 37B of Lions International, and his wife, Lioness Rhonda, will be Guests of Honor at the Lion Governor's Ball to be held in Morinville Recreation Centre on Friday, November 18th. The Ball a first for Morinville, will be hosted by the local Lions Club.

The Lions Club of Morinville is one of the youngest clubs in the community in terms of years organized, but it has a high score in community service as well as being home to a Lion Governor this year.

Governor Stapleton is setting a record for his district in chartering new clubs and was rated among the top five in Lions International recently for this aspect of his work. He finds the position makes heavy demands on his time, causing him to be away from his business a good deal. Mrs. Stapleton accompanies her husband on many trips and she is an ambassador of good will and a gracious first lady at all times. She too is sacrificing many evenings away from home and has sometimes graced as many as five banquets in one week as she joins her husband in his duties as Governor.

Governor Stapleton since joining the Morinville Lions Club in 1958 has served as Tailor, Recording Secretary, Director and President. In 1965-66 he served as Zone Chairman for zone 2B and he is a Key member with six years of perfect attendance. The Extension Award for Club Formation was awarded to him this year.

Born in England in 1912 he emigrated to Canada in 1932, coming to Alberta in 1938. He was married to Rhonda Middleton of Morinville in 1941 and served in the Canadian Army overseas from 1941-45. He farmed in the district for many years and has been owner-operator of the Morinville Hardware over the past 10 years.

Mrs. Stapleton has served on the Morinville Town Council for the past 8 years and is presently serving his second term as deputy mayor. He also is a member of the Edmonton Regional Planning Commission, and delegate from Council.

The Stapletons have two children, William aged 19 and Elaine Michele, 16.

Many out-of-town guests will attend the Governor's Ball which will take the form of a semi-formal dance, with midnight supper.

ARTHUR STAPLETON
Lions District Governor

Distinguished Guest For Library Sod Turning

Mrs. Marianne Linnell will be the guest of the Town of St. Albert and the Centennial Committee at a Sod-turning ceremony for the St. Albert Centennial Library on November 27, 1966. Mrs. Linnell is the only woman director of the Centennial Commission, Ottawa, and one of Vancouver's most charming and distinguished citizens.

The Centennial Committee has announced the agenda for the 27th. The sod turning ceremony will begin with an invocation at 3:00 on the site for the new library.

Mrs. Linnell will turn the sod and then the official party and guests and citizens of St. Albert will retire to the Town Hall. Mayor Fowler will give a short welcome to Mrs. Linnell and present two plaques: one commemorating Mrs. Linnell's visit and the occasion of the sod-turning to be hung on an inside wall of the library, and a smaller one to be presented to Mrs. Linnell commemorating her visit to St. Albert. Following Mrs. Linnell's acceptance and speech, Gaston Curial will thank her in French and English.

The Town of St. Albert will hold a reception immediately following the sod-turning ceremony in Council Chambers. All citizens of St. Albert are invited. Everyone in St. Albert and the Sturgeon County have an interest in the Library. The Committee hope that a large gathering will be on hand to greet Mrs. Linnell.

Mrs. Linnell was born in Calgary, Alberta, the daughter of Captain "Bob" Pearson and Beulah Pearson. She was educated in Calgary, Lethbridge and Edmonton public schools and holds a BSC in Home Economics from the University of Alberta with a final degree in violin, U.S.M. piano and worked in post graduate dietetics at the University of Alberta Hospital. She is a member of Pi Beta Phi.

Mrs. Linnell Pearson married Squadron-Leader Lloyd Linnell, RCAF, who was killed in action with Bluenose Squadron, Jan. 29, 1944 over Berlin. She has one

Mrs. Marianne Linnell

son, Robert Lloyd. Mrs. Linnell has extensive background having served as director for the home service department, Calgary Power Co., and as Home Service Director for Northwestern Utilities and as a dietitian.

Mrs. Linnell is presently a partner in Triangle Realty Ltd., a successful and well-known real estate firm.

Mrs. Linnell was elected an alderman on Vancouver's City Council and served from 1961 to 1964.

Marianne Linnell has also served on the following committees and boards: Social Welfare Policy, including all related matters, civic recognition for outstanding citizens, Civic Government and its organization, Emergency Shelter for Transients, Member of the Board which studies matters pertaining to Queen Elizabeth Theatre and Queen Elizabeth Hospital. She was a member of the Vancouver General Hospital Board, Greater Vancouver Water Board and the R.C. Aviation Council. Mrs. Linnell is also interested in the progress of an industrial area in Vancouver. This centre would be for the purpose of helping Indians coming to Vancouver to make an easier adjustment to city life.

Mrs. Linnell will be in Edmonton November 28th and 29th for a meeting of the Federal Provincial Conference on Centennial. She is St. Albert's for a day!

MARGUERITE D'YOUVILLE AUXILIARY

Ladies, the next B'n'G will be held this Saturday, Nov. 19th. It is the turn of the first half. All are asked to please try and attend. If unable to do so, please forward your baking as agreed upon.

An appeal is being put out to everyone. A great demand of "Tropical Fish" is needed to fill the tank at the Youville Home Auxiliary wishing to donate, please contact Mrs. Dalzell - 599-6556. Let's all try to attend next month's meeting.

Cathy Taylor receives rare award

Cathy Taylor, eleven-year-old daughter of Mr. and Mrs. D. Taylor of Sunset Boulevard St. Albert, was presented with the FORTITUDE AWARD in a special ceremony at the Achievement Night for Canadian Girl Guides of St. Albert, held November 7th.

The Award, which is presented only in extraordinary circumstances is made to "BROWNIES, GUIDES and RANGERS who HAVE SHOWN GREAT COURAGE AND ENDURANCE UNDER SUFFERING". Mrs. A. Vandenbos, Division Commissioner, pinned the gold and blue brooch, bearing the inscription "Badge of Fortitude" and Ribbon on Cathy and extended the congratulations of the local Guide Association. Cathy will wear the Ribbon on her uniform at all times, but the Brooch is worn only on special occasions.

Cathy was also presented with a personal letter of congratulation from Chief Commissioner, Mrs. Clysedale of Ottawa; a special letter of congratulation from the St. Albert Boy Scouts and a letter from Mrs. M.E. Manning, Provincial Commissioner, who was unable to be present for the occasion.

Mayor Richard Fowler was present to bring special congratulations to Cathy on behalf of the Town of St. Albert. Despite her handicap after suffering a leg amputation, Cathy earned her Second Class Badge and her Cook Badge, which she received during the evening. She is a member of the 1st Guide Company and has been in Brownies and Guides for three years. In mentioning this high honour Cathy has also brought credit to her Girl Guide Association and to her Community.

CATHY TAYLOR

Addresses
Chamber

ST. ALBERT satellite or dormitory?

About 45 persons attended the dinner held by the St. Albert and District Chamber of Commerce at which the Hon. J.A. Hooke, Minister of Municipal Affairs for the last 12 years, was guest speaker. Keith Everitt, M.L.A. for St. Albert, in his introduction said Mr. Hooke, who came to Alberta from England when he was 8, is a man of many talents; his endeavours include teaching, farming, poetry and music.

Commenting on the changing times, Mr. Hooke said: "Kids used to skip school to play baseball, now we send them to University to learn to play football". "One thing hasn't changed, however", the minister continued, "governments still go into debt, though now this is called 'following a policy of deficit financing'."

EXTRA ORDINARY GROWTH

Speaking on the future of St. Albert, Mr. Hooke said: "Today, St. Albert is a community of some 6,000 persons and since the absorption of Jasper Place into the City of Edmonton, is Alberta's most populated town. When it is realized that only six years ago St. Albert's population stood at less than 3,000 persons, this represents a substantial increase with a rate of growth of over 100%. This growth, the minister said, has been handled efficiently by Town Councils, the Edmonton Regional Planning Commission, and others, with the assistance of good planning policies put into effect by sound legislation. It was noted that for the same 6 year period Edmonton's population increased by almost 40%."

DORMITORY OR SATELLITE TOWN?

Mr. Hooke said St. Albert is a "dormitory town at present, for more people live than work

here". At the same time the minister sees a "good possibility" of St. Albert becoming a "satellite town" as it has already met most of the qualifications of such a Town. The one very important qualification that it does not meet is the time distance factor. For the self-contained concept to be completely fulfilled, the acceptable yardstick that has been used elsewhere in the design of new towns as satellites on this point, is from 15 to 30 miles away from the parent city, or 20 to 30 minutes travelling time. On this score alone lies the possibility of St. Albert not being able to achieve independence from Edmonton as a true satellite. The existing relative ease of communication with Edmonton and with regard to places of employment in the City, could lead to a strong influence towards the Town becoming even a suburb in the accepted meaning of the term. Mr. Hooke said "The main distinction between a Satellite Town and a Dormitory Town as itself, then, is that the latter would not possess an industrial base".

ABSORPTION BY CITY?

The other possibility of St. Albert not being able to obtain true Satellite status, is that, with but a short two to three miles-wide belt of rural or semi-rural land separating the town limits from the city limits, intense pressures could be brought to bear to develop this belt for highly intensified uses of an urban character. If this were indeed to happen, the minister said "St. Albert's absorption into an extended City of Edmonton would become inevitable." Mr. Hooke added "Extreme vigilance in the control and development of land, particularly in the rural

belt between the town and the city will have to be exercised." The minister added he would "hate to see Edmonton swallow up" the Town of St. Albert, in closing, Mr. Hooke said: "I'm sure most planners would say, in the light of present day conditions, that it is unfortunate for St. Albert that Father LaCrosse didn't go about 15 miles farther up the Sturgeon to establish his mission."

UNIVERSITY?

During the short question period which followed Mr. Hooke was asked whether, since he advocates high rise development for St. Albert, A.C.T., can locate here—Mr. Hooke replied that this of course would not be possible since the proposed AGT tower has gone too far in its development, in regard to the possibility of the University locating in St. Albert, Mr. Hooke advises the town to "keep in close touch with the Industrial Development Branch."

Mr. Loyd Wheeling, Secretary-Treasurer of the Town of St. Albert was elected to the executive of the Union of Alberta Municipalities at their 60th Annual Convention in Red Deer November 2-4. The executive members as pictured above are (from left) W. Bell, Mayor of Coronation; E. Barrett, Mayor of Red Deer; L. Wheeling, Sec. Treas. of St. Albert; H. R. Urquhart, Councillor of Peace River; J. Fleming, Town Manager of Hinton; G. Repka, Mayor of Grande Prairie; M. Tennant, Alderman of Calgary; K. Newman, Executive Secretary; D. Burt, Mayor of Cardston; Mrs. M. Sparling, Alderman of Camrose; F. Sherrine, Mayor of Lethbridge; A. E. Veikar, Mayor of Rockyford; W. H. Jackson, Mayor of Lacombe; V. M. Danter, Mayor of Edmonton is missing from the picture.

Proposal for vocational high school

Meeting of the Protestant Sep. School Board, November 14, 1966, by Henrie Stibbe.

BUDGET REVIEW:

Secretary-Treasurer, Wm. Penrose reported to the Board of Trustees that the "figures seem a bit more optimistic." He added that there would "probably be a deficit of \$500, assuming transfers from other accounts are made." The Board agreed, reluctantly, to transfer monies from the maintenance and other accounts to cover the \$70000 error discovered a few months ago. Trustees Russell and Schroder want provisions made in next year's budget to replenish the maintenance fund. Mr. Russell said: "By going

along with this we may be setting off something till next year which we might have done this year."

PROFESSIONAL CONDUCT:

The Board tabled a motion which would voice its disapproval of members of its professional staff offering for sale goods or services, other than those of a professional nature, to pupils or parents of the District. Mr. Petherbridge commented: "If teachers have to work during the summer holidays, they better get a new Negotiating Committee."

VOCATIONAL HIGH SCHOOL:

A brief was presented by Mr. J. Hyrnest and Mr. J. Baaman, on a proposed construction of the Paul Kane Comp. High School. It was pointed out to the Board

"MISCALCULATION" TO BE COVERED

that only 3 or 4 St. Albert students were able to register in Edmonton High Schools for vocational training this year. The remainder of the students wishing such courses stayed in Paul Kane and were forced to change their program. The possible vocational program offered in the proposed Comp. School would include such courses as: Food services, Beauty Culture, Automotive, Metal Trades, Electricity and Carpentry. The brief was received and accepted, with commendation for the persons responsible for compiling it.

BOARD BRIEFS:

Chairman Harvey has had complaints of the \$200000 lan-

Continued on Page 8

To receive Queen's Decoration

In recognition of his many years of service to the Order, Dr. Lawrence Willoughby, M.R. CMB, MRCOG, of 5 Gilmore Crescent, is to be made an Officer Brother of the Order of St. John of Jerusalem.

The investiture will be made on behalf of Her Royal Majesty Queen Elizabeth II, by Governor-General Georges Vanier at Government House, Ottawa, on Nov. 17th. Ceremonies will also include a luncheon in the Ball Room of the Chateau Laurier on the following day.

In a formal, traditional ceremony, Dr. Willoughby will be invested with the black shot-silk robes and hat of the office, and will be presented with the Maltese Cross Medal and Ribbon Decoration, and an engraved citation.

Originally known as the Knights of St. John, an organization in Malta, this order is the oldest order of Knights in existence, dating back to the Crusades when the knights, all of whom were trained in the medical practices of the day, volunteered their services in caring for battle victims. Subsequently they adopted the name "Order of St. John of Jerusalem" and the work of the St. John Ambulance developed from this beginning.

Dr. Willoughby, presently with the Federal Government Department of Aviation Medicine, has worked continuously with

DR. WILLOUGHBY

the Order of St. John for nearly 20 years, starting when he was a Boy Scout. He has served in life-saving and first-aid programs and has done lecturing, instructing, examining and judging during his life-time interest in the work of the Order, which he still continues.

Accompanied by his guest Dr. P. W. Davey, Dr. Willoughby left Sunday by train for Ottawa and will be away about a week.

Members of the Town Council of Morinville are pictured around the Council table, following the Oath of Office ceremony held recently. From left are Roger Champagne (sworn in for a three year term); Lou Calder (Councillor); Arthur Stapleton (deputy Mayor); Norman Chailfoux, (Councillor); Henry Ramsay (Mayor - sworn in for a three-year term); Paul Brochu (Secretary-Treasurer); Roger Blackburn (Councillor); and Albert Ouellette, (sworn in for three-year term).

Morinville Councillors Take Oath of Office

Following the taking of the Oath of Office by Mayor Henry Ramsay and Councillors Roger Champagne and Albert Ouellette the first statutory meeting was held and the following appointments were made for the coming year.

Councillor Arthur Stapleton is to serve as Deputy Mayor until April 15th, 1967.

To serve on the TOWN PLANNING COMMITTEE: Deputy Mayor Art. Stapleton; alternate Mayor Ramsay.

TURGEON HOSPITAL COMMITTEE: Councillor Roger Blackburn, alternate Deputy Mayor Stapleton.

TURGEON FOUNDATION COMMITTEE: Councillor Champagne; alternate Councillor Blackburn.

HEALTH AND SANITATION: Councillors Chailfoux and Calder.

DRAINAGE AND PUBLIC WORKS: Councillors Blackburn, Calder and Champagne.

SEWAGE: Deputy Mayor Stapleton and Councillor Calder.

WORKS: Councillors Blackburn, Calder and Champagne.

NEW DETAIL AND PUBLIC BUILDINGS: Deputy Mayor Stapleton and Councillor Calder.

PARKS & RECREATION: Councillors Blackburn and Ouellette.

CENTENNIAL: Councillors Calder, Chailfoux, Ouellette and Champagne.

POLICE: Mayor Ramsay and Deputy Mayor Stapleton.

CIVIL DEFENCE: Deputy Mayor Stapleton.

Regular Town Council meetings are to be held on the second Tuesday of each month.

Remembrance Day in Morinville

A morning parade with Veterans, Legion members, Army cadets, Scouts, Cubs, Guides and Brownies, accompanied by their troop leaders, led by band marched from the Morinville Legion hall, down Main Street to St. John Baptist R.C. Church, where the color parties were received by Rev. Father Primeau. A large congregation of district residents came to pay respect to the Fallen of two world wars and those who made the supreme sacrifice in Korea.

A solemn Requiem Mass followed and Rev. Father Primeau, gave an inspiring sermon. He paid tribute to the Fallen and stressed the great gifts that we as Canadians take for granted, perhaps because our land and country has never been scarred by the ravages of war. We have

Program for 75th anniversary

Rev. Father George Primeau chairman of the Morinville 75th Anniversary Committee, has announced the programme for the anniversary date December 7th. The programme will begin at 5:00 p.m. with a Con Celebrated Mass in the St. John Baptist Church, Rt. Rev. Bishop Lussier and 10 priests will take part in this special religious ceremony. Among them will be several native sons who are priests in the province. Following the church service, a Civic banquet honouring all the pioneers 70 years of age who have resided in the town or parish for 45 years or more, will be held in the Morinville Recreation Centre for 500 guests, at 6:30 p.m.

At 8:30 in the Thibault School auditorium, addresses of congratulations and entertainment will conclude the programme. Among those invited are representatives of Government, Clergy, Municipal and Town officials.

Mayor Henry Ramsay, and members of the Town Council are giving their full support and the church trustees are also helping Father Primeau to make this a very successful and memorable occasion for all citizens and visitors to Morinville.

The Gazette will print a special edition for the occasion which will be a real souvenir for all to keep.

suffered no marching armies, and no grim battlefields such as those of Dieppe, Vimy Ridge or Korea.

The Last Post was sounded at the end of the service and the MINUTE OF SILENCE was observed.

A luncheon was hosted by the Canadian Legion for a number of invited guests and members. The afternoon was spent in welcoming other comrades and featured a *celebration of old-fashioned* supper was served and the evening was spent in dancing and meeting friends.

Charlotte Kieser becomes bride of Guy St. Germain

MORINVILLE: Miss Charlotte Kieser, daughter of Mr. and Mrs. Herman Kieser became the bride of Guy St. Germain, son of Mr. and Mrs. Gerard St. Germain, in a double-ring ceremony before a candle lit altar with Rev. Father George Primeau, pastor, officiating. Given in marriage by her father the bride chose a classic white heavy silk gown with heavy Gulpure lace front panels, a deep lace collar in the back and a cathedral train. Her bouquet was held by a three tiered pearl and crystalline crown. Her bouquet was a cascade of white roses and carnations, with trailing ivy and white satin streamers.

The Junior bridesmaid was Miss Mona Kieser sister of the bride and the three other bridesmaids, Miss Diane Barton, Miss Bernadette Ricard and Miss Judy Fluet all wore matching gowns. They were in two tones, featuring deep peacock blue satin bodices in Empire style and long sheath styled skirts, in cerise and blue tones. Matching blue elbow length gloves and satin shoes completed their ensembles.

The best man was Mr. Paul Chailfoux and Mr. Lucien Sylvester and Mr. Eugene Belloway escorted the bridesmaids. Mrs. Leon Riopel was organist and Mr. Alve Bokenfor was soloist during the ceremony.

A wedding supper was held at the Morinville Centre with Mr. Laurier Labonte as master of ceremonies. Rev. Father Primeau proposed the toast to the bride. Kevin Kieser 10 years old brother of the bride sang a lovely ballad a favorite of his sister.

For her honeymoon trip to Victoria the bride chose a beige wool dress with brown accessories and fur jacket. A bronze orchid complimented her ensemble.

ARE WE SERIOUSLY NEGLECTING OUR PRE-SCHOOLERS?
A good many parents will agree wholeheartedly with the Resolution approved by the Alberta School Trustees Association at their convention last week, calling for government aid to kindergartens.

As educators continue with research it becomes increasingly more evident that pre-school children have a greater capacity for absorbing instruction than was previously credited them. An example close at hand is the astonishing work of Japanese teachers teaching music to small children in Edmonton with methods they have developed.

Confronted with the fact that to-day's students are faced with an accumulated body of knowledge infinitely greater than was available to the last two generations, the need for early training becomes more emphatic.

We have also to consider in Alberta that our starting age for Grade one students is six years, a year later than many of their European counterparts begin school.

Of the utmost importance in considering government financial aid to kindergartens is the fact that the children most in need of kindergarten training are most often from the homes least able to afford it. In the higher-income homes the parents have usually themselves more education than those in low income brackets. Their homes have more books, records, pictures and they are able to provide many more experiences for pre-school children such as trips, music, dancing and painting instruction, children's magazines, children's theatre and so on. Children with such a background will go into Grade one much better prepared than children without it. Yet there will be the children whose parents were also able to afford private kindergarten for them.

Teaching kindergarten age children is a highly specialized form of teaching and if Alberta were to arrange that kindergarten was made available to all five-year-olds, they would undoubtedly be faced with a serious shortage of qualified teachers, despite the fact that this is a comparatively rich Province, and that figures projecting estimated student population in our schools have been available, we have continually been plagued by a teacher shortage in our regular school system since the end of the war. Nevertheless kindergarten will only be as good as the people who teach in them regardless of buildings, equipment and facilities provided.

There is also the problem of adding to the existing heavy school taxes which we are warned are going to steadily increase. The Foundation Program under which the Trustees Association is asking for financial aid to kindergartens, is set up so that communities wishing to improve on the basic standard of education under the Foundation are also asked to contribute. If a community wanting to provide kindergarten training for its youngsters could arrange for free or minimum cost accommodation, Parents could assist by undertaking to provide their children with materials, which could be bought in bulk quantities and the cost apportioned per child. Hours could be made available for kindergartens at a cost saving. While there is a host of equipment and material which can be used, trustees would be the watch dogs to keep these costs down. In some communities parents have joined forces using their own labor to construct low tables and chairs. Sometimes Church Sunday Schools have furniture they make available through the week for kindergarten use.

One thing is certain - If we ask the Government to provide the entire service on a platter, the taxpayer is certainly going to feel it and if we fail to provide our children with kindergarten training we are not meeting a major need and we may well have to keep many students in school longer than a year's instruction is even more expensive than kindergarten.

Guests Editorials

A candle for the cake

by Patricia Hamilton,

The Centennial Committee has been meeting and working hard. Have you seen the Centennial emblem-shaped signs on the mall at Grandin Shoppers Park? Keep an eye on them as they will be kept up to date. It is hoped others will be erected in various parts of St. Albert. Something else to watch for is a special Centennial newspaper that is now under composition. Many interesting projects have been planned by the St. Albert Brownies and Girl Guides packs that they receive our entire salute this week. Brownies Pack 46 has already planted a tree and flowers in Lions Park and Pack 43 has held a tree planting at the Centennial. The Girl Guides are sponsoring-adopting a young Korean girl named Mi-Il, and the 4th Girl Guides are donating the town with bird houses and feeding stations. A farmer near St. Albert kindly agreed to the Brownies and Guides having Day Camps on his land and the Guide Association is looking for a permanent site, on the banks of the Sturgeon River if possible, for a Centennial Guide Camp. They also have a plan to add Canadian Indian Brownies and Guides who find it difficult to supply themselves with the outfit necessary to pack members.

Have you a favourite place in Canada? Let us know where it is. Many people are taking Centennial trips in 1967. Places that have been suggested are the Portage Mountain Dam on the Peace River, the Badlands around Drumheller, (Take your shovel and bring home some fossils. This is an interesting trip and the inhabitants of Drumheller are most helpful to tourists.) and the Dinosaur Park in Calgary. Seeing another part of Canada is perhaps the best Centennial idea for everyone! Here's a CRAZY Name recipe. I tried it and it is good. **CULTURAL CALORIES:** Cut one square of unsweetened chocolate into a deep bowl. Add two cups hot milk. Beat with electric mixer on high speed and add one quarter cup of sugar, dash of salt, and continue beating until mixture is frothy. Makes two drinks. Can be made easily in a blender. Just pop all ingredients into container; whirl on high speed for the count of 15.

More recipes with crazy names and any other Centennial ideas are needed. Send them to me at 46 Belmont Drive. Please note that Mrs. Mona Sutherland is no longer the Co-ordinator of the Centennial Committee. The Committee will not carry further the "My Fair Lady" theme. Mrs. Sutherland is working on a very exciting personal project. Coverage will be given her project in the Centennial issue of the GAZETTE. Photographs of your Centennial projects are needed for the special issue of the GAZETTE. Please phone 599-6776 and photos will be picked up. The deadline for pick-up is November 19th, 1966.

OUR READERS have their say

ONE MAN'S VIEWPOINT

Winter is around the corner and there are still no light poles installed to brighten our way to and from Edmonton. If we gave awards for the most hazardous four lane highway in Canada, this particular section would win in a landslide. Maybe we can't change Mrs. Taylor's construction but we can make that section much safer with proper lighting. The Town has fulfilled their commitment but the Provincial Government has been dragging its feet.

We'll get all kinds of excuses why it hasn't been done over the past four years and I hate to think that another dozen people will have to be maimed before something is done. The sight of an ambulance parked at a local service station is a rather grim reminder of what has happened on too many occasions in the past.

If I was the local M.L.A. I'd be raising some static at the special session of the Legislature on the fall and get some action before the snow obliterates the traffic lines.

By Robert Russell.

SNOW REMOVAL

Dear Sir:

While driving around the town this Sunday evening, 24 hours after the snow-fall ended, I noticed 3 girls skating home from an afternoon on the river. It occurred to me that this was a rather quaint means of getting around, and decided that probably the best way to prepare for the heavier snow-falls of the subsequent winter would be to throw out my snow-tires and chains and buy skates for my car. Among the printable reasons that one could allege for the hazardous conditions of the streets in St. Albert, I would suggest the following:

(1). We cannot afford the cost of snow-removal despite as hard as any town in North America to conserve Nature, Purity and the Old Way of Life, like letting old dogs lie, or don't touch the snow because it is Natural, Pure and Beautiful.

(2). St. Albert is working as hard as any town in North America to conserve Nature, Purity and the Old Way of Life, like letting old dogs lie, or don't touch the snow because it is Natural, Pure and Beautiful.

If the little bit of sand on the streets is due to my second reason, then I shall put skates on my car. If my first reason is the right one—and the fact that St. Albert owns a smash-

ing lot of 2 sand trucks leads me to think it is correct—then I would say that my voting in favour of a very expensive recreation area was foolish. Had I known that pleasure was preferred to utility in St. Albert—and that to a degree which risks the life of every citizen—I would have voted against the risk, the swimming pool, the tennis courts and all the other things that come only after a town has acquired a certain social and political maturity. I should have asked instead for a referendum, say, on a THIRD truck.

What is the point of a skating rink if you lose control of your car and drive into somebody as he is skating home?

Sincerely,
E. D. Blodgett.

Prompt Action Required By Morinville Curlers

The Morinville Curling Association executive, have mailed out an S.O.S. notice to all shareholders and interested supporters of the Morinville curling rink.

A general meeting of all members has been called for Monday November 21st at the Morinville Curling Rink at 8 p.m. by Mr. Harry White, Vice-president, and chairman of the Executive.

A copy of the notice follows so that anyone not having received one, and the community at large will be made aware of the pressing needs of the Morinville Curling Association, S.O.S. November 10th, 1966.

Dear Shareholders: The Morinville Curling Association is facing a crisis, due in the lack of curlers for the coming season.

It would be a shame after 20 years of continuous curling the curling rink had to close its doors, because we can't interest more people in curling.

A MEETING OF ALL SHAREHOLDERS and all interested persons will be held ON MONDAY NOVEMBER 21st, at the curling rink at 8:00 p.m. THOSE WHO SIGNED A COLLATERAL NOTE TO SUPPORT THE LOAN AT THE BANK ARE PARTICULARLY ASKED TO BE IN ATTENDANCE.

Signed: Morinville Curling Association:
Per: Harry White, Vice-President and Chairman.
This will be the last chance.

Friday, November 25th and be an open meeting to the public. It will be held in Council Chamber's St. Albert Town Hall. The Girl Guide and Brownies are holding a Centennial Tea this Saturday, November 18th in the Community Hall. Support these active young citizens of our community and salute their Centennial projects by attending their tea. See you there!

Centennial Report

1867 1967

by JOHN W. FISHER
CENTENNIAL COMMISSIONER

You've heard of the population explosion. Have you heard about the information explosion?

In this fast age, I am told, mankind's total knowledge is increased daily by thousands of items of new information produced by scientists, engineers and other professionals. The problem is now to get the information out to people who can use it. It's no good filed away in office cabinets.

In a way we are faced with problems of an information ex-

plosion at the Centennial Commission. The Confederation Exhibition Train and Caravans touring Canada from coast to coast next year, for example, will be stopping at more than 800 communities. That means more than 800 place names and more than 800 sets of dates and we want all the people in the 800 communities to know about them.

The train and Caravans represent merely one challenge in the business of Centennial information distribution. Literatures for the 3500 mile Centennial Cause Pageant, the Armed Forces' Military Tattoo, dates for the naval assemblies, in coastal ports, air shows, Festival Canada performances across the land - traveling exhibits of paintings and sculptures and world sport championships - people want to know what, where and when about all these and the many more national events of Centennial year. In addition there are still more planned by the provinces and territories, plus local activities sponsored by communities and private organizations. Advertisements in the press and over television and radio, of course, will herald events in the cities and towns in the weeks before the occasions. But to let all the people in all of Canada know months in advance about every date and every location for each event, we believe, would create an information explosion on the order of about six megatons. (Our theorists also advise that it couldn't be done.)

It's a great challenge to get information out across the land to all the people, especially when some of the projects are still in the planning stage.

I think one member of my television audience realized that when she asked a question in an auditorium recently:

"I'm from White Rock, B. C., and I'm having friends from the States visiting in the middle of May. Can you tell me what is happening in our area then?"

Well fortunately I had a set of our computerized data books with me and was able to answer after a little searching. One of the Confederation Caravans would be stopping in White Rock for two days in May, the 13th and 14th. Not that we can come up with all the answers all the time but I realize that a lot of people in many places have similar questions on their minds.

May I suggest, if you can't find the right answers, that you try Information Services, Centennial Commission, P. O. Box 1967, Ottawa. We'll try to beat this information explosion yet!

Kinsmen wives organize

THE DATE: Tuesday, November 8th, 1966. THE PLACE: Club Moombo, St. Albert, Alberta. THE OCCASION: The first formal organizational meeting of the KINETTE CLUB of St. Albert with fourteen prospective members present.

From coast to coast across Canada the wives of Kinsmen have banded together into their respective club groups under a common "Kinnette" banner. The wives of the Kinsmen in St. Albert are no exception.

While traditionally the Kinnette Clubs have acted as auxiliaries, offering assistance and encouragement to their Kinsmen, it is not uncommon to see many units assume responsible community service projects on their own.

Heading the agenda of their first meeting was the election of officers. Those chosen to lead the club through year one, were: PRESIDENT, Mrs. Jeanne Irwin VICE PRESIDENT, Mrs. Glenna Erickson, SECRETARY, Mrs. Carol White, TREASURER, Mrs. Lynne Calkins, REGISTRAR, Mrs. Elaine Royer.

With a keen desire to become involved in community work the Kinnettes immediately supported a suggestion that they assume the responsibility of taking over the St. Albert CHRISTMAS HAMPER BUREAU. The Kinnettes are to be congratulated on a fine beginning and to be sure, their husbands wish them well!

MAYOR'S COLUMN

November 10th, 1966.

A citizen telephoned Town Hall last week and suggested that we were not issuing the Tax Rebates promptly because we had taken the money from the Provincial Government, deposited it in our Bank and were using the interest earned as General Revenue. A novel idea indeed, but not entirely original as your Council and Staff are quite adept at attempting to locate sources of revenue. This however is not one which we incorporated. On the contrary a cheque was received for slightly over \$50,000 last Wednesday from the Provincial Government covering over 1000 rebates. The cheques were prepared, signed and mailed on Thursday. Very, very, little interest earned at that rate. Incidentally, the Town does receive 5-6 per cent rebate that we process. The General Revenue Account will receive close to \$1000 for processing the rebate applications.

Since the reinstatement of the Garbage Can service the Town Hall has been receiving approximately twenty telephone calls a day. It would appear that there is considerable misunderstanding as to exactly what service is being provided for the 55¢ per month. The By-law calls for the resident to place the Garbage Cans alongside his residence where it will be picked up by the crew taking the cans and returned after emptying. The cans are not to be placed behind fences or gates. You will be advised of the procedure in complete detail by a letter from Town Hall, and it is the duty of Council that any misunderstanding will be clarified.

For those of you that are wondering what the Snow Cleaning Policy of the Town is I have instructed the Secretary-Treasurer to place an Advertisement in this week's Gazette explaining in detail where and how our equipment is used. The Braeside rink is now completed and every attempt will be made to have the Change-Rooms completed by the end of November. A new idea is being tried at this neighbourhood rink and I am certain the results will be gladly received by all those that use this recreation facility. For the time-being it will be the best outdoor rink facility in St. Albert.

standings will be clarified. For those of you that are wondering what the Snow Cleaning Policy of the Town is I have instructed the Secretary-Treasurer to place an Advertisement in this week's Gazette explaining in detail where and how our equipment is used.

TOWN of St. Albert STATEMENT

Re- Snow Ploughing, Snow Removal and Street Sanding

This notice is to familiarize the residents of the Town of St. Albert with the policy followed with regards to snow ploughing, snow removal and street sanding.

(1) It is the aim of the Town to maintain streets to a standard so as to provide safe, convenient travel conditions, while at the same time being mindful of the expenses involved.

(2) The engineering department has an established schedule for handling snow and this schedule is as follows:

- Main traffic arteries and streets to, and adjacent to schools are ploughed.
- Downtown streets and certain residential streets require snow removal as well as ploughing because there are no boulevards upon which to pile snow. (Snow cannot be piled on the sidewalk and if it is left on the roadside, the traffic lanes are dangerously narrowed.)
- Certain Streets, Crescents and service roads (non-traffic arteries) are ploughed.

The Town follows the practice of opening up the fronts of private driveways which have had snow piled in by the snow plough. This is not immediately possible for residences on main arteries, because all of the Town machines are engaged in ploughing operations, as per A. above. However, as soon after ploughing as is possible, these driveways are opened. With regards to other residential areas, as covered by C. above, it is usually possible to have two machines working together and these driveways are opened immediately or very shortly after ploughing.

On occasion, should heavy snowfalls occur before all residential streets are ploughed of earlier snows, it is required that all machines re-start on A. above (i.e. clearing main arteries and school roads).

With regards to sanding, all streets in Town are checked daily by the Engineer's Dept. and sanded as required. This again follows a certain schedule in that main thoroughfares, intersections and hills receive the earliest attention.

A close watch is kept on all of the Town streets throughout the winter in order that residents may be assured of safe and ready access to their homes. Further to this, all complaints, requests and suggestions are investigated promptly. Immediate action is then forthcoming for unsafe conditions and for other conditions work is carried out as soon as possible thereafter, according to the urgency of the situation and the work schedule as noted above.

Suggestions have been made that signs be put up before snow ploughing begins, so that people might have time to move their cars from the streets. This is not generally practical, particularly on main thoroughfares, as ploughing is required during and immediately after heavy snowfalls. To give advance notice which would be effective, would mean delaying snow ploughing for at least twelve hours, with the result that traffic would be slowed and at times tied up completely. Where snow is removed by trucking away, it is possible to give advance notice by putting up signs and this practice has been in effect for a number of years (particularly in the downtown area).

Winter traffic accidents and incidents can be held to a minimum through adequate street maintenance, plus careful driving practices. The St. Albert R.C.M.P. Detachment reports very few traffic accidents this winter and this is indicative that streets are generally maintained in safe condition and that St. Albert drivers are careful and considerate in their driving habits.

Loyd Wheating
Secretary-Treasurer.

MORINVILLE Locals

CONGRATULATIONS to Mr. Leonard Bokenfor, and his bride the former Norma Walker who were married Saturday, Nov. 12th in St. Joseph's Cathedral in Edmonton. Some 15 supporters of the Landing Trail Scouts programme attended the annual meeting in St. Albert on Nov. 5th. Funeral services were held in St. Emerance R.C. Church recently for the late Mr. Joseph Gadoray, aged 76, Mr. Gadoray farmed for many years in Riviere Qui Barre district before re-

moving to Edmonton. Sincere expressions of sympathy are offered to his family. Another former resident of Morinville, Mr. Edmond Brault, passed away recently in Edmonton. Mr. Brault who built the building now occupied by the Morinville Co-op Store, for years operated a very successful pool room and barber shop business at that location. He sold out in the late 1930's and moved to Edmonton. Mr. and Mrs. Ubald Chevalier

moved into their brand new home last Tuesday, November 8th.

Two other new homes are being completed in Morinville, Mr. and Mrs. Albert Chellette, expect to celebrate Christmas in their new house. Mr. Jean Hogue, is getting a spacious bungalow built for his bride-to-be.

Mr. Arthur Demers, travelled to the bedside of his ailing father in Saskatchewan, over the week-end. Mr. James Mitchell of Alcomdale, 83 years young, November 7th received many messages on the occasion of his anniversary and all the folks of the district join in wishing him many more. Ricky Pugliese, scored a goal with his first team from the N.A.T. School in Edmonton. Keep scoring Ricky, Morinville is proud of you.

Mr. and Mrs. Gustave Ricard entertained officers and leaders of Morinville Scouts and Cubs at their residence after their return from the Landing Trail Annual Meeting in St. Albert. Among the out-of-town guests attending the Kiewit-St Germain wedding was Mr. Leonard Bissone of Montreal, who was the guest of his sister, Mrs. Gerry St Germain, whom he had not seen for thirty years.

Mrs. Mary Hepler, was also a visitor to the old home town, and enjoyed meeting with her many friends. Mrs. Dorothy Hepler has been a patient in the University Hospital for the past three weeks. Everyone wishes her a speedy trip back to her new home in Concord Towers.

Leon Dupuis was a week-end visitor at home from College. He is taking a course in the workshop besides his regular school, and likes woodwork fine. Mr. Leo LeClerc has been invited to address the Morinville board of Trade at their December meeting.

Mr. and Mrs. Nick Germain from Chauvin were week-end guests of Mr. and Mrs. Herman Kiewit, on the occasion of their daughter's wedding. Mrs. Alice St Germain had her sister Mrs. Priscilla Pratt and other relatives visiting her on the occasion of grandson Guy's wedding.

Mrs. George Vranas is back home after a stay in hospital. A supper meeting was held last Thursday for the members of Thibault School Trustees, the staff and invited guests. On Thursday, the parents went

CARD OF THANKS

We wish to express our most sincere thanks to relatives, friends and neighbors for the many acts of kindness, messages of sympathy and beautiful floral offerings received at the sudden passing of a dear son and brother. Special thanks to Dr. Cuts, the pallbearers, Rev. Father Morin and Rev. Father LeVangie, Mrs. D. Van der Gaag, Mary, Fred and Harry.

4-H Clubs for Morinville

At a special meeting called by Rev. Father Primeau, in the Morinville Centre, on Monday November 7th with some 30 present, IT WAS UNANIMOUSLY VOTED TO ORGANIZE 4-H CLUBS IN MORINVILLE FOR BOYS AND GIRLS FROM 12 to 18 YEARS OF AGE.

Mr. Stanley Powers, D. A. for the M. D. of Sturgeon, was introduced by Father Primeau, and explained the unique advantages of 4-H Clubs in a community. Both Father Primeau and Mr. Powers stated that 4-H Clubs are among the best organizations for young people because they learn the art of living at work and at the social level early in life.

"It is the only organization that teaches young people public speaking in that age group." It is very difficult for anyone to learn to stand and think on his feet, and express himself clearly in an assured but easy manner after reaching 25 years of age," stated Mr. Powers. "4-H Clubs are now international in scope and are supported by governments and large businesses because of their achievements" continued the speaker. It was agreed that a 4-H Beef Club should be organized in Morinville by the 19 fathers and sons present. A meeting date was set to discuss the details and elect an executive and appoint leaders.

to school in Morinville, instead of the children, it was parent-teacher conference and visiting day. Many parents had a very constructive and informative session with their children's teachers. Mrs. Dorothy Digneault, was the hostess and served coffee to all comers. Mr. M. Schayes was also present and available to all interested parents, who care to discuss problems, or ask information on certain matters. It was well planned, and those responsible are to be commended for this pleasant visit to the classrooms.

SCHOOL BOARD MEETING

Continued from Page 1

guage laboratory is "useless". Students contend they "can't understand what is going on", the records, they claim, are "too fast". Trustee Peterbridge has been requested to "sit in and check if criticism is valid." Trustee Russell asked the Board to consider having a stenographer present at its meetings to record the minutes. Mr. Russell said he is "concerned that Mr. Penrose is not taking part in Board business as he should, on account of him having to write down motions." Mr. Russell feels the extra expenditure would be "well worth it", as meetings would "run smoother". A report from the Sec-Treasurer, is forthcoming on this matter. Mr. Penrose remarked that the last time the Board had a girl take the minutes "she stayed home sick for the next three days." (Dig those wild Board meetings)

Staff may soon be able to "plug-in". Electrical outlets for block heaters, and possibly in-car-warmers, will be provided at a reasonable cost. "Let there be music", Paul Kane has no music room. The students, at present, "go tooting up and down the halls", according to Dr. Proudfoot. Mr. Harvey said the \$2500 room is "essential" for the High School; the administration was requested to find out if a grant for this music room can be obtained.

Coming EVENTS
